

Polymers

Manuchar is an international trade service provider to the industry. We bring value to your chain.

Our worldwide presence and vast experience in the polymer industry give us the ability to locate the right source and to optimize your requirements in terms of specifications, quality, logistics and costs.

Long-term partnerships with suppliers combined with our experienced sales and logistics team drive our ambition of being an important and reliable stakeholder with the highest focus on customer satisfaction.

Dedicated (global) suppliers in:

Middle East - Asia -
North America - Europe

Environmental impact of our business

One of our missions is to minimize the environmental impact of the consumption of plastics. Besides continuously looking for reprocessed and recycled plastics, we have also joined the River Clean-up initiatives since 2021, as part of our 'We Care Program'.

Polymers products

Please find below a selection of products we offer. This list is non-exhaustive. If the product you are looking for is not included, please contact us.
